## Respitality Program

Often, families with special needs children are faced with financial, physical and emotional challenges. Many parents and primary caregivers are unable to leave their home for long periods of time due to the special needs equipment that is built into their homes.

Respite services allow parents and primary caregivers to have a little less stress in their lives by providing a special opportunity to relax and rejuvenate while taking a short break away from home.

The Langley Association for Community Living looks to members and businesses of the community to build support for the Respitality Program by providing gift certificates for accommodation, food and beverages, and activities/entertainment.

## *Our Vision*

A community that welcomes and values all citizens.

## *Our Mission*

The LACL is dedicated to the delivery of quality services for children with special needs, adults with developmental disabilities and their families. LACL builds community by connecting people of all ages and abilities.

# Respitality Program

The success of the Respitality Program relies on the generosity of the hospitality industry and other partners in our community.
